GET. SET. ENERGIZE!

Tasty instant energy without a sugar rush

A ready-to-use instant coffee product that focuses on taste, convenience, and supporting a ketogenic diet. With only four main ingredients, Instant Keto Latte is a clean Private Label product: instant coffee, stevia, a flavor and our Veganergy™ MCT powder as the main ingredient. Made with PalmFree MCTs and available in two versions (Pure C8 & C8C10 6040).

Forget about making Keto coffees where ingredients have to be measured and added separately. The combination of MCT powder & caffeine help boost energy levels and support burning stored body fat. Our current flavors are chocolate, cookies & cream, amaretto or cappuccino.

Our Instant Keto Latte can be consumed at any moment of the day. One portion contains 10 grams of MCT powder which equals 7 grams (half a tablespoon) of MCT oil.

MCTs & CAFFEINE

INSTANT ENERGY BOOST
FOR A GREAT START OF
THE DAY

BURN
VISCERAL
FAT

MCTs bring the body in a state of nutritional ketosis and together with caffeine helps to burn (visceral) fat.

CONVERSION
TO KETONES

Within 1,5 hour after consuming MCT, the liver produces a peak of ketones in our blood. C8 seems most effective in this ketone production.
