

# Ketosene® - Green

A unique product that combines the power of PalmFreeMCT™ oil, Avocado oil, Macadamia nut oil with a splash of natural Lime oil.

## Control food intake, burn body fat

Ketosene® Green is developed to support individuals living a ketogenic lifestyle mainly for weight loss purposes. For new or advanced keto lovers looking for a tasty product that helps the body become a fat-burning machine while increasing long-term satiety at the same time.

Ketosene® Green is a unique formula that is set out to help control food intake and burn visceral fat. The MCTs from PalmFreeMCT™ help boost ketone production and assist the body to make the switch, away from burning glucose to start burning stored body fat for energy.

Avocado & Macademia are Keto-diet favorites and for good reason! Not only are these products delicious, they are also rich in palmitoleic acid, an Omega-7 fatty acid. This Omega-7 has been linked to induced satiety and now also seems to play a key role within our fat metabolism. To be more precise: it supports the switch between fat storage mode and fat burning mode, with 200mg per day considered as an effective dosage.

**Ketosene® Green is the perfect product for anyone who wants to lose weight & burn fat on Keto**

Original scientific papers are available freely upon request  
Currently no EU health claims are allowed

**REGAIN BALANCE**  
WITH THE POWER OF  
HEALTHY FATS

**LOSE**  
(VISCERAL)  
FAT

MCT oil has been shown to reduce visceral fat, even without going to the gym 5 times per week.

**MAKE**  
THE SWITCH

Going Keto comes with challenges. Help the liver overcome energy dips from giving up carbs by providing MCT's for energy.

**BENEFITS**  
OF OMEGA-7

Ever wondered why a handful of macadamia nuts or a salad with avocado leads to decreased appetite?  
It is the Omega-7!

**USE OF**  
THE  
PRODUCT

Ketosene® Green is best consumed directly on a spoon 30 minutes before a meal, on an empty stomach.

**Ketogenic**  
INGREDIENTS

*We make Keto fun, easy and delicious! Convenience is high on our priority list.*
