

Vegan Protein Power Shake

CLEAN VEGAN PROTEIN WITH MCT'S TO HELP BUILD MUSCLES & RENEW ENERGY.

Build muscle and boost energy after a workout

Our Vegan Protein Power Shake provides 22 grams of high-quality vegan protein delivered by pea and rice together with fat-based energy coming from palm free MCTs.

Most people know that proteins will help recover better after a workout and may assist in building muscle. However, without a source of quick energy the body may use the protein from your shake OR MUSCLES to create the needed energy. No wonder mass gainers are so popular, but these sugar-loaded protein drinks are really the best way to gain body fat, next to muscle mass!

Our Vegan Protein Power Shake is a ready-to-use instant product that focuses on taste, convenience, and supporting fitness goals. The protein to help build and recover muscles, and the MCTs to provide energy for recovery & to help BURN body fat, rather than build it from a mass gainer!

Without unnecessary ingredients AND with our Veganergy™ PalmFree MCT powder (C8 or 6040). Available in vanilla or chocolate.

Just add 34 grams of this shake to 300 ml water or a vegan type of milk to enjoy this post-workout drink. Vegan Protein Power Shake is a Private Label product that saves time, fuels muscles, and provides new energy for the next workout.

Original scientific papers on MCT are available freely upon request.

Vegan Protein Power Shake is available as Private Label and Bulk. The product is Vegan, Free from allergens and Non-GMO.

Guaranteed safety, quality and consistency by your trusted supplier Ketogenic Ingredients. Find out more at [Ketogenicingredients.com](https://ketogenicingredients.com) or email us at info@ketogenicingredients.com Veganergy™ is a trademark of Lus Health Ingredients, The Netherlands

SPORTS NUTRITION TO HELP BUILD MUSCLE AND BOOST ENERGY.

FUEL FOR THE MUSCLES

A combination of pea protein & rice protein isolate gives a well-balanced amino acid profile to fuel the muscles.

CONVERSION TO KETONES

Within half an hour after consuming MCT's, the liver produces ketones. This provides the needed energy to recover from a workout.

CLEAN INGREDIENTS

Vegan protein, MCTs, a natural flavor, and stevia. Less is more! No unnecessary ingredients that can spike insulin and blood sugar levels.

CONVENIENCE AND TASTE

Just add one scoop to cold water or vegan milk and the power shake is ready!

Ketogenic
INGREDIENTS

We make Keto fun, easy and delicious! Convenience is high on our priority list.
